# Frequency – Tune in.  Hear God.

Week of:  January 9-13, 2017

A.W. Tozer – It is the nature of God to speak.

How Can I Hear God?

Read Exodus 3:1-4
Question:  What might have been some of Moses's thoughts in hearing the voice in the bush?

Read Exodus 3:5-6
Question:  Moses hears God's voice for the first time.  He took off his shoes, covered his face, afraid to look at the God in the bush.  What kind of moment had that must have been?  What was the key to Moses hearing God's voice?

Fifteen times in the New Testament, Jesus says "He that has ears, let him hear".
Read the following verses:  John 8:47, John 10:27, Matthew 11:15 and Mark 4:9.

Two Truths

1. Scripture is finished (meaning complete).
2. The Holy Spirit still guides, prompts, convicts, and leads.
   By this we hear from God by inspiration from Scripture, and by the promptings of the Holy Spirit.

Key note:  Both the Old and New Testaments clearly describe God as a speaking God.  The task or opportunity for us is to learn to hear His voice.

Men, the good news is that we don't need to go through life blindly.  We don't need to rely on our own understanding.  That truth that God still speaks today offers us hope, reassurance, and confidence.  We can all learn to hear God!
