Chapter 6 Call For Confirmation

Confirmation: The action of confirming something or the state of being confirmed.

Describe a situation in your life in which you sought out confirmation in order to go forward.

Listed below are Scriptures that show how much the Holy Spirit values confirmation. Please look up and read the following verses:

- Mark 16:20 – Confirmed workings of Jesus and the disciples through miracles.
- Matthew 18:16 – God understands and endorses the power of confirmation.
- 2 Corinthians 13:1 – Paul is actually referring to the epistle he just wrote. Holy Spirit values confirmation.

Read Judges 6:1-10

Question: What is happening to people of Israel and what is their disobedience? What happens in our lives when we choose disobedience as to obedience?

Read Judges 6:11-24

Here is what's great about this part of the story: God waits. God actually waited for Gideon.

Question: We see not only God waiting for us, but we are placed in a waiting mode as well. How does waiting for answers from the Lord help with confirmation with the decision for your life?

Read Judges 7:1-16

- God gave Gideon one more confirmation even though he didn't ask for it. He worked his confirmation specifically through Gideon's servant Purah.

Question: How did God confirm his strength to Gideon and to all of Israel? Where do we place our strength, in numbers, or in what God can do?

Final Thought: We have today two powerful tools of confirmation that Gideon did not have. 1) We have the complete Word of God (2 Timothy 3:16-17), 2) We have the Holy Spirit which is God himself. We do not have need to ask of fleeces, but we can be content in knowing that we are in the center of God's will for our lives.
