

## Chase the Lion

### *Optional Teaching*

Read 1 Samuel 24:1-22

David and his mighty men are hiding out at the Wildgoats Rock which means an inaccessible place.

Question: What was David learning about both himself and his men living in literal caves? How was David being taught that his reliance had to be on God alone?

Destiny isn't just revealed in your natural gifts and abilities. It's also revealed in the compensatory skills you have to work extra hard to develop.

Question: What compensatory skills have you had to work on?

We live in a day that celebrates lone rangers. Yet the lone ranger needed Tonto. Without his mighty men, David would have lived out his days as a political fugitive.

Question: David was the dreamer his men rolled behind. How do our dreams connect with other people?

Dream Makers: In every dream journey there is a point of no return. It is a decision that cannot be undone, like chasing a lion into a pit.

Question: What dream are you willing to chase at the point of no return?

Facing dreams will require a cost.

Question: What is your dream worth?
